Phone: +38641674447

## GVMP tools registration instructions

The GVMP is available for the general public and project partners. Users must register to use the tools.

1. To create a new Portal account, the user must open the 'Account' icon in the page's right corner in tools section.

2. The user must complete the registration form. The user must fill in personal data; fields marked with an asterisk (\*) are required only in case the user has delegated rights to create/update NbS.

**Register**

Fullname

E-Mail Address

City

Country

Organization/Company

Pilot\*

Pilot code\*

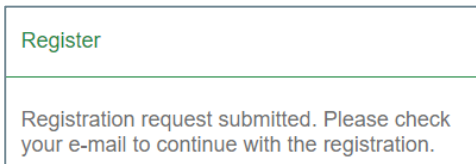

Password

Confirm Password

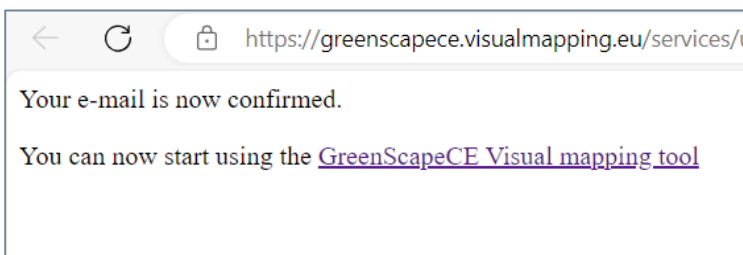

\* Leave these fields blank if you do not have authorisation to create/edit pilot NBS data.

3. System messages will inform the user if required fields still must be completed or pass system verifications. If the creation of the account is successful, the following message will be displayed:

4. After submitting the form requesting a new Portal account creation, the user will receive an email from [gsvisualmapping@gmail.com](mailto:gsvisualmapping@gmail.com) with a link to activate the account (the user should check spam if the message is not received). The user should click on the link or copy and paste it into the address bar of his/her preferred internet browser. A system message will be displayed confirming the activation of the account:

5. Once the new Portal account is activated, the user may log in with the email address and password used to create the account.

6. If a user forgets their Portal account password, it can be reset by clicking Forget password link in the Login form and following the instructions.
